

Quickstart pricing package

Designed for companies with basic needs, SecureLink's Quickstart package is everything you need to get up and running on SecureLink.

Turnkey pricing with three hardware options

Hardware appliance delivered to you:

\$5,000

Hardware hosted in our data center:

\$5,000

Run SecureLink in your virtual machine:

\$4,000

←————— you choose one —————→

Who qualifies for Quickstart pricing?

Quickstart pricing is available for vendors with up to 10 named technicians and for enterprises with up to 10 vendors.

What's included?

The Quickstart package includes hardware, implementation, training, support, maintenance, upgrades and unlimited use subscription license for one full year.

Pay only for what you use

After the first year, the monthly software subscription is just \$100 per concurrent connection. There are no hidden fees or limits on named users, or anything else. The subscription includes all software, support, maintenance and upgrades.

No long term contracts

You can pay for the Quickstart package annually in advance or quarterly if you prefer. If you're not successful, we're not successful.
